TERMS AND CONDITIONS

Terms and conditions

D3 System A/S delivers in accordance with the **General Conditions NLM 94**, with the remarks listed below, which take precedence over the General Conditions NLM 94.

OFFER is valid for 4 weeks, unless otherwise stated in writing, and we take intermediate sales into account.

PRICES are exclusive of VAT and taxes, and the buyer is, until delivery, obliged to accept changes in the price as a result of documented changes in exchange rates, taxes and material prices.

THE TERMS OF PAYMENT are net cash upon shipment, unless otherwise agreed.

DELAYED PAYMENT. If the payment deadline is exceeded, 2.5% of the invoice amount per commenced month will be charged from the due date and until payment is made.

PROPERTY RIGHTS. D3 System A/S reserves the ownership of the delivered goods until the entire purchase price, as well as any interest and costs, have been paid in full.

DELIVERY takes place EXW/DDU. Shipping, packaging and insurance are invoiced to the buyer, unless otherwise agreed.

It is the buyer's responsibility to request relevant **technical information** (*NLM 94 items 5 and 11*).

DELIVERY TIME is determined by final order confirmation at best estimate. A 14-day deferral is considered timely delivery. Delay (*NLM 94 item 45*) does not entitle the buyer to compensation for additional costs.

CANCELLATION AND RETURNS can only take place by prior written agreement and for a fee of at least 15% of the invoiced amount. In the event of delays and defects (*NLM 94 items 48 and 62*), the agreement can only be cancelled if the seller can cancel the purchase from the manufacturer.

CONVENTIONAL OFFER AND COMPENSATION (*NLM 94 items 47, 48 and 62*) can only be invoked if a separate supplementary agreement has been entered into. Regardless of the reason, D3 System A/S is not liable for any consequential damages and cannot be held liable for indirect losses.

WARRANTY for defects covers a period of 1 year after purchase. Any extended warranty only covers the repair of defective parts. Used machines and used products are traded without warranty and right of complaint, unless otherwise stated in the order confirmation.
